The personal impact (financially and in other ways) so far

The personal impact has been horrific. Years and years of stress and torture all for following paid instructions in order to simplify my tax affairs.

My wife no longer sleeps at night, my children know how distraught we both are but feel powerless to help.

I trust no one. I am angry all of the time. There is no outlet for this anger which eats away at me. Those that put us in this position face no consequences at all. HMRC and HMT are liars and happily destroy families. They constantly issue propaganda and false information to MPs and never have to back up what they say.

The Rule of Law in this country means nothing.

The personal impact (financially and in other ways) if HMRC enforce the Loan Charge as laid down in the legislation

If HMRC enforce the Loan Charge, I will be made bankrupt. The only way to pay this unproven and retrospective 'debt' will be to sell my home.

My marriage will be over and I will have nothing to leave my children when I die.

My life as I know it will be utterly destroyed.

There is literally no point in working any more just to have it taken away from you. Therefore, the state receive nothing from me and will continue to receive nothing.
